

MILA BIGINI

About me

My name is Mila Bigini and I am 24 years old. I was born and raised in the Netherlands, but as you might guess from my name, I am also Italian. Because of this international background, my education began at the European School in Bergen.

I would describe myself as a social and open person with a curious and inquisitive nature. I am eager to learn, have perseverance, and enjoy planning. I listen well and ask thoughtful questions, which helps me understand people and situations deeply. I have dyslexia and ADD, which also bring strengths: I am a creative thinker, good at coming up with original ideas, and I think outside the box. I enjoy working in teams but also feel comfortable working independently. I'm a strong problem solver and highly motivated to keep developing myself.

EXPERIENCE

HVA

Honours programme

During my studies, I was selected for the honours programme, which allowed me to deepen my academic knowledge and develop additional skills through interdisciplinary projects.

University of Europe for Applied Sciences Germany

For my minor, I studied UX/UI design in Berlin, where I was introduced to new perspectives on design that are less commonly discussed at my home university (HvA)
